# Tricefy Uplink & Downlink

Downloading Tricefy Uplink or Downlink

⊞ Windows Installer (current version 4.3.3.493)

- https://downloads.tricefy.com/tricefy_uplink/Uplink4Setup.exe

Mac OS Installer

- https://downloads.tricefy.com/tricefy_uplink/uplink4.pkg

Installing Tricefy Uplink

👉 Instructions for installing Tricefy Uplink 4 (installer also includes Downlink service)

Note: GE ViewPoint integrations and local anonymization will be included in future upgrades (continue using the Legacy Uplink for these services)

If you are using GE Voluson, you may have Tricefy Inside. This feature is a pre-installed uplink software that can be activated with your Tricefy account
