

# Installation or Activation Fails: Older Mac Operating System

Last Modified on 09/29/2016 10:40 am EDT

Mac users using **OSX 10.6 or lower** (including Snow Leopard) should download Tricefy Uplink using the following link:

[http://downloads.tricefy.com/tricefy\\_uplink10.6/uplink4.pkg](http://downloads.tricefy.com/tricefy_uplink10.6/uplink4.pkg)

Please be aware your Tricefy Uplink will not automatically prompt for activation. Please contact the Tricefy Help Center, or your Tricefy Administrator, to further assist in activation.
