

Account Settings & Personal Settings

Last Modified on 2023-08-17 14:52

There are two types of Tricefy settings available in the User Menu at the top-right corner of your screen:

Personal Settings & Appearance

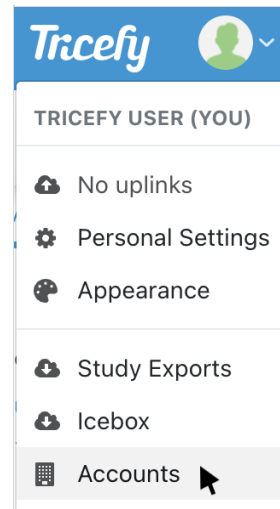

- These settings are available to every Tricefy user
- Changing these settings only affects your user
- The changes will automatically be saved as your preferred settings

Account Settings

- These settings are only available to account administrators
- Changing these settings affect all members of the account
- Settings include adding and removing new users to your account
- All accounts you are an admin of will be listed on the next page
