

Accessing Tricefy on an iPad or iPhone

Last Modified on 09/27/2018 6:30 pm EDT

If you are using an iPad, you can access Tricefy just like you would using a computer .

You can also create an icon for the Tricefy mobile site in just a few simple steps:

- 1) Open Safari
- 2) Enter the URL or select this link - <https://tricefy4.com>
- 3) At the bottom of the screen, select the small square with an arrow pointing up () to open a menu
- 4) Select Add to Home:

- 5) Name your icon and select Add:
