

Send To Menu

Last Modified on 2023-04-27 15:47

The **Send To** menu is located at the top of your viewer and Studies screen (if a study is selected):

- **Send to Patient:** Sends an examination to a patient. They will receive a link to their own special webpage hosting their images.

This menu is also located on the Consults screen but only **Send to DICOM Server** is available.

- To send the exam to patient, return to your **Studies** screen by selecting **Studies** from the navigational options:

- To send the exam to additional doctors, use the side panel on the Consults screen
