

## Sending Images using a Philips Ultrasound System

Last Modified on 09/18/2018 4:42 pm EDT

You can send images to Tricefy by [programming either the Acquire 1 or Acquire 2 button](#) , but if both of these buttons are already in use, you can send exams to Tricefy using the following steps:

1) Within the Review section of an exam, enter a phone number or email address into the Comments box:

2) Perform the exam

3) Return to Review

4) Highlight or select only the images you want to send the patient

5) Check Tricefy Patient and select the Send To button
