

## Send to EMR

Last Modified on 2024-08-20 19:04

You can send and resend Tricefy links to Athena, ModMed, or Veradigm (formerly Allscripts) by selecting the study (or studies) on your [Study List](#) and choosing **Send to EMR** from the **Send to Menu**:

Studies							Compare	Send to...	+
	Full Name	Patient ID	Patient DOB	Study Date	Study Details	Sonographers			
	June Iodie	5960		2019-04-12 6:22 PM PDT		1	2	<ul style="list-style-type: none"> <li>Send to Patient</li> <li>Send to Doctor</li> <li>Send to DICOM Server</li> <li>Send To EMR</li> </ul>	
	Farmer Carol	1.1.1.1.1.3		2019-04-02 11:05 AM PDT		40	3	54	1
	Smith Sally	1.1.1.1.1.8		2019-03-21 11:27 AM PDT		27	2	2	39

Accounts with an active Athena EMR interface will see the following pop-up window:

### Send to Athena ✕

Provider

Send

Imaging Results Hyperlink

Choose from PDFs

Auto-close Imaging Result

▶ One study selected

- Select the "Provider" to assign the result to for review from the Provider Dropdown menu
- Check "Imaging Results Hyperlink" to send an exam link to the patient chart (the link will open in the exam in the [Tricefy Viewer](#))
- Check "Choose from PDFs" to view and choose specific PDF(s) to send to the patient chart
- Check "Auto-close Imaging Result" to have the result skip the provider review/assignment and immediately be closed in the patient chart.
  - Note: result can only auto close in Athena if an applicable imaging order is found for the patient and exam.

Select the **Send** button when you are done making your selections.
