About Tricefy & Release Notes

Release Notes

Tricefy publishes all production releases on our Status Page. This page also displays any service or DNS disruptions across the globe that may temporarily interfere with Tricefy's performance.

 Check out our Status Page at status.tricefy.com

NEW: You can also start referring to our non-technical "release notes" that only include the neat stuff we want you to be aware of, like new functionality, with links to relevant Help articles.
